---

## TECHNICAL SKILLS

Ruby, Rails, JavaScript, ES6, React.js, Redux, SQL, PostgreSQL, AJAX, jQuery, CSS, HTML5, AWS S3, TDD

---

## PROJECTS

### Questions (Rails, React, Redux)

[Live](#) | [GitHub](#)

App inspired by Quora

- Encrypts password with BCrypt for custom authentication
- Populates jBuilder views from a RESTful JSON API to serve data into the React UI
- Uploads images to AWS S3 using Paperclip and Figaro to crop large files and securely configure an app

### The Dots (JavaScript, jQuery, CSS3, Canvas)

[Live](#) | [GitHub](#)

A two-player browser game (similar to Go)

- Uses jQuery and HTML5 Canvas for smooth graphics rendering
- Calculates capture areas using DFS graph traversal to find optimal routes
- Utilizes AI algorithms that choose tactics depending on board situation

### The Rails (Ruby)

[GitHub](#)

A Ruby MVC Framework

- Handles HTTP requests with renders or redirects along with appropriate status code
- Renders templates allows to render html.erb templates
- Dispatches the requests to the correct controller and action method

---

## EDUCATION

**App Academy**, NY | October 2016 - January 2017 | Full Stack Software Engineering Bootcamp

**Rutgers University**, NJ | March 2014 - May 2014 | Masters Online Program | Digital Marketing

**Touro College**, Moscow, Russia | September 2008 - May 2010 | MBA | Business Management

**Touro College**, Moscow, Russia | September 1995 - July 2000 | BS | Business Management

---

## PROFESSIONAL EXPERIENCE

### AT&T, New York, NY (July 2013 - May 2015)

Customer Service Representative

- Developed a system of customer attraction fine-grained to target increased retention
- Awarded for balanced performance (June 2014)

### Custwell Corp., New York, NY (March 2013 - August 2013)

Founder and Owner

- Founded agency allowing global customers cross-platform ad-placement across Russia with a main focus on targeted internet advertising on paid-per-click model
- Measured efficiency of ad campaigns with Google Analytics for accountable results
- Launched campaigns for US, Greek, and Spanish companies to advertise their products in Russia

---

## ADDITIONAL COURSES

**Cooper Union School of Engineering**, NY, 2014 | Software Quality Assurance: Manual and Automated Testing

**Cooper Union School of Engineering**, NY, 2014 | Data Architecture Principles and SQL

**CompTIA**, NY, 2014 | Strata IT Fundamentals
